ALL DAY SESSIONS
At Central Baptist Shurch.

At Central Baptist church, dailys 11 a.m., Dr. William Evans; 12 noon, Dr. James M. Gray; 2:36 p.m., Dr. Ficary Os-trom; 3:30 p.m., Dr. R. A. Tortey.

Representative Christian people of the city age deeply started by the the city are deeply started by the force, logic and carpestness of the scholarly lectures being delivered in Memphis churches this week by the country's most eminent Bible expositors, namely Dr. R. A. Torrey, at idlewild Presbyterian church. Dr. William Evans, at St. John's Methedist church, Dr. Henry Ostrom, at McLemore Christian church, and Dr. James M. Gray, at Central Reptist church.

Nothing like this weries of lectures has ever been conducted in the city before, and the sig increase in attendance at each of the churches on Tuesday might is proof of the inter-

John's church Tuesday night. This message to the people of 2,350 years ago, was shown to be as timely for the present generation as if pronounced today.

No place is too sacred, Dr. Evans declared. For the devil to intrude with his evil designs. The devil respects neither the clurch of the home. It is in undermining the home that the devil gets in his master stroke. Then followed one of the most illuminating treatise of the divorce evil of the present generation, that has ever been heard in this city. The audience was held spellbound for an hour.

in the lives of Christians.

McLemote Christians church was packed to hear Dr. Ostrom's lecture on "The Seven Dispensations." "The Bible is God's program for the final defeat of human sin." the speaker asserted. "Portions of the Bible will apply to the conditions of every period of time in the history of the human race, and the Bible makes plain this fitness."

Especially timely is the subject announced by Dr. Ostrom for Wednesday night, "Do the Dead Talk Back, or What About Modern Spiritualism?"

Perhaps the high point of the con-ference thus far was sounded Tuesby Dr. Gray at the Central Baoday by Dr. Gray at the Central Bap-tiet church in his lecture on "The Infallibility of the Bible." At the day sessions, Dr. Gray is lecturing on "Critics of the Bible." and at night on "Fundamental Doctrines of the

Christian Religion Dr. Charles A. Blanchard, president Dr. Charles A. Blanchard, president of Wheaton college, was to arrive Wednesday to take part in the day sessions at Central Baptist church. The day sessions, beginning at 11 a.m., at Central Baptist church, with lactures at that hour, at noon, at 2:20 p.m. and 3:30 p.m., are really the heart of the conference. The group meetings in various parts of the city are supplemental to the day sessions, and will be concentrated next week in the one conference.

Wednesday's attendance at the day

Wednesday's attendance at the day sessions overflowed the quarters being used and plans were perfected to hold the day sessions in the main auditorium of the church, where the evening meetings are held.

"In none of the chain of Bible conferences organized in the South has the interest grown so suickly as it.

the interest grown so quickly as it has in Memphis," said Rev. J. P. Phillips, founder and organizer of the movement, who is here in person to direct the first lecture course in this city. "Our fondest expectations have been more than realized, and the crowds at each of the group meetings are increasing every day."

"Your boulevards too, are fine. They afford a distinctive setting for the triumphs of the architect's skill that are to be seen on every hand. That is something that Americans are learning at last. In former times the average American would erect a beautiful and costly house of stone or brick and perch it upon a narrow lot crowded against other houses. The result was that the beauty of the edifice was lost and the inhabitants cooped in musty homes where often the sunlight even could not get a chance to enter.

Rupture Kills 7,000 Annually

Soven thousand persons each year are taid away—the hurial certificate being marked "Rupture." Why? Because the unfortunate ones had neglected themselves or had been merely taking care of the sign (swelling) of the affliction and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing a truss, appliance, or whatever name you choose to call it? At best, the truss is only a makeshift—a false prop against a collapsing wall—and can not be expected to set as more than a mete machanical support. The binding pressure retards blood circulation, thus robbing the weakened muscles of that which they need most—nourishment.
